# UCL MALAYSIAN NIGHT

# WHAT IS MNIGHT?

**MALAYSIAN NIGHT (MNIGHT) IS AN ANNUAL THEATRE SHOW HOSTED BY MOST MALAYSIAN SOCIETIES IN THE UNITED KINGDOM**

UCL MNight is undoubtedly our biggest flagship event, where our cast and crew of over 100 freshers and seniors collaborate in the months leading up to the show. UCL MNight has a track record of selling out 900+ seats in Logan Hall and dazzling the audience.

We're known to put on a great show, and create amazing memories year after year! Unforgettable memories and unbreakable friendships have been formed throughout the MNight process and we assure you this will be the highlight of your first year.

Last year, due to the pandemic, we were unable to have our usual in-person theatre show. Through hard work and perseverance, our amazing production team managed to convert the theatre show into a film which was self-filmed by our actors from the comfort of their homes. The film premiered alongside 12 other UK universities during the MY Student Film Festival (MSFF) in June 2021 which was the first of its kind. It was an amazing experience, fostering friendships even in a pandemic.

# *SUMMER IN SPRING 2021*

## *EXPERIENCE*

### **ALIA DURRANI ; MAIN CAST & CHOIR DEPT.**

Honestly, had I not joined MNight, my first year would have been so... dull. MNight was such a wonderful creative outlet - the atmosphere of it all was so comfortable, wholesome and friendly, yet still challenging. It was so inspiring to see everyone involved so engaged and so passionate about the production. I could definitely see and feel just how important MNight was to the core and heart of UCL Malaysian Society, and how, yearly, it is a memory so cherished by everyone involved - including me! Overall, I am just super grateful to have been part of MNight (and even more so to do it all over again)!

### **SEE TIAN ZI ; SUPPORTING CAST & PUBLICITY DEPT.**

From discussing character costumes to rehearsing and filming alongside my fellow cast members, MNight was a great source of joy for me. It was just so refreshing and interesting doing something different from my degree, while having fun with new friends made along the way. Thanks to the efforts of the infectious passionate Core Production Team and everyone else involved, the film was a big success. That feeling of immense satisfaction and pride when Summer in Spring was first screened at MSFF was simply unparalleled... I'd love to experience it all over again!

### **NICHOLAS CHOO ; DANCE & SUP. CAST**

Being a fresher far from home, MNight acted as a safe haven where I could call home. I was never a good dancer but the committee embraced me with open arms and somehow they made my stiff limbs look somewhat decent in front of a camera. Overall, the best part of the whole MNight experience wasn't the performance but the bonds I formed and laughter I experienced.

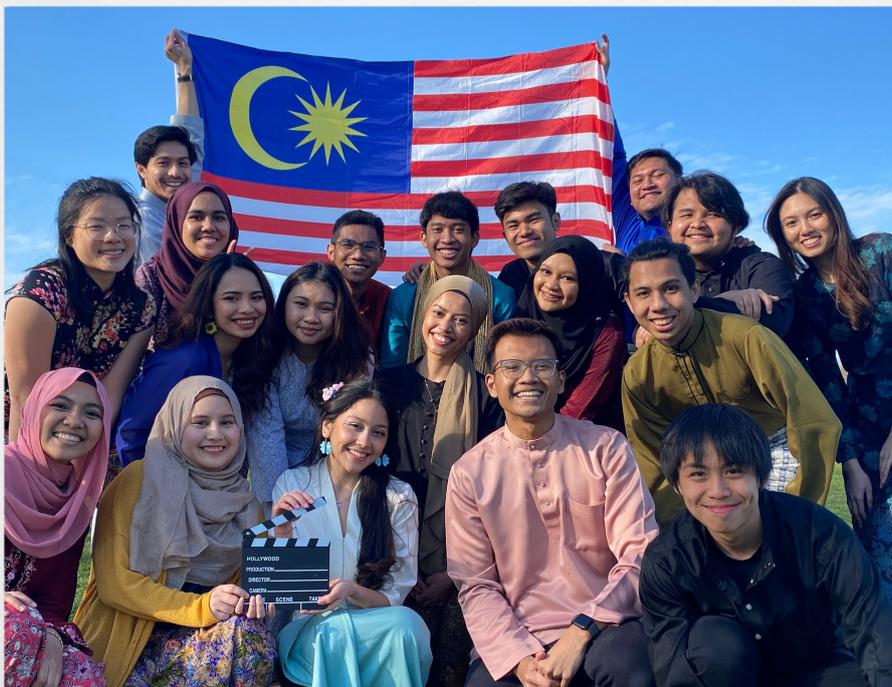

## MUHAMMAD NOOR HAQ BAHARI ; EDITING & CINEMATOGRAPHY

I'd never edited a movie before nor touched premiere pro before MNight, but somehow made it to the editing team. It was a great experience to pick up a new skill, work on a short film but also make new friends along the way. The CPT was also incredibly kind in giving me some leeway to edit and have fun in expressing myself in the edit bay. Given the Covid-Stances, to participate in any activities at all was definitely the highlight of my first year.

## JO YIN GOH ; CHOIR AND FINANCE DEPT.

Joining a virtual choir in the unusual circumstances of 2020 was a new experience, but it was very interesting and fun to say the least. Despite the difficulties of not being able to hear others when singing, the seniors were helpful and encouraging as they readily provided constructive comments to improve our singing. We were definitely impressed when listening to the final results of our collective efforts and this positive experience has created a sense of togetherness and connectedness for me despite studying remotely for the year.

**PRE-DEPARTURE TIPS**

# VISA APPLICATION

## ALL YOU NEED TO KNOW ABOUT APPLYING FOR YOUR VISA

### 1. KNOW YOUR VISA TYPE

- Tier 4 (General) Student Visa (PBS Tier 4)

### 2. APPLY ONLINE AND REGISTER FOR AN ACCOUNT

- You can do this at  
(<https://www.vfsglobal.co.uk/my/en/how-to-apply>)
- You can start your online application while waiting for your CAS number as your information will be saved online. You can submit your application, pay fees and book your application after receiving your CAS number and unconditional offer letter.

### 3. PREPARE ALL THE NECESSARY DOCUMENTS

- Tuberculosis (TB) Test Certificate
- Passport
- 2 recent passport-sized photos. Check here to see photo requirements:  
(<https://www.gov.uk/photos-for-passports>)
- Proof of financial ability such as bank statement that is at least 28 days old. If using your parents account, bring a translated copy of your birth certificate that is certified.
- If you are a scholar, you must bring proof of your sponsor letter.
- Academic transcripts: A Levels Certificate, IELTS (if necessary and still valid), proof of CAS number and unconditional offer letter.
- **MAKE A PHOTOCOPY OF EVERY DOCUMENT YOU BRING (SUPER IMPORTANT)**

## **4. VISA APPOINTMENT**

- Book the earliest possible date for your appointment as delays beyond the 15 working day period are common.
- Alternatively, you may opt for the priority visa service, where they should get back to you in 5 working days. However, there is no guarantee that they will issue your visa within this time frame.
- Bring all the needed documents and your visa confirmation, visa fee receipt, user pay visa application centre service fee receipt and a printout of your checklist if you applied on AccessUK or a printout of the front page of the application form if you applied on visa4uk.
- Go early in the morning to minimise waiting time.

## **5. VISA COLLECTION**

- You can choose the method of notification (via text/ call etc.) and collection (from centre or by post) that you prefer. Bear in mind that accepting via post creates another avenue for possible delays.

### **APPROXIMATE COST OF VISA APPLICATION:**

#### **VISA APPLICATION FEES:**

- **335 POUNDS**

#### **IMMIGRATION HEALTH SERVICE CHARGE:**

- **150 POUNDS PER YEAR OF STUDY**

#### **TOTAL FEES (FOR 3 YEAR DEGREE):**

- **785 POUNDS**

### **BIOMETRIC RESIDENCE PERMIT (BRP)**

- Once you enter the UK, you will be required to collect your full visa, called a Biometric Residence Permit (identity card) within 10 days of arrival.
- In order to collect your BRP from UCL, you will need to enter an Alternative Collection Location (ACL) code as part of your visa application. The ACL code for UCL is 2HE484. You should enter this code into the Alternative Location field in the BRP Collection Page on Visa4UK.
- Advised to set BRP collection appointment ASAP as you can only register as a UCL Student once you have received your BRP. Always remember to bring your BRP when you leave UK as it is required upon re-entry into the country.

# ACCOMMODATION

## WHAT DO YOU DO IF YOU FAIL TO GET ACCOMMODATION?

UCL guarantees first year accommodation provided that you submit your online application by 18th of June. However if you miss this deadline, you are still able to make a late application but accommodation is not guaranteed. It is therefore always beneficial to have a back-up plan.

Things you can try are:

- Apply for a waiting list of UoL intercollegiate halls. Although a more riskier method, it has worked before for seniors. The first waiting list opens in early September. Fill up the form immediately for your preferred hall so do your research before this. A second waiting list opens at end September so keep checking the UoL website. They will only contact you if you are successful in receiving a place. However, it is worth a try and even if you miss the 2nd waiting list it is possible to try emailing your chosen hall.
- Find private providers (slightly pricier) however are a more guaranteed method. We have come up with a list of private providers here: <https://www.uclmsoc.co.uk/private-student-accomodation-london>
- Find a flat with friends. If you are looking for flatmates with similar cultural backgrounds to be comfortable in a foreign country, join the “Malaysian Student Flat Exchange” which enables you to find potential flatmates at (<https://www.facebook.com/groups/358128884306788>)
- You may also look for a house to rent with your friends at property websites such as Rightmove ([rightmove.co.uk](http://rightmove.co.uk)) and Zoopla ([zoopla.co.uk](http://zoopla.co.uk)).

# ACCOMMODATION

## WHAT IF YOU ARE ASSIGNED A UCL HALL YOU DISLIKE?

- It is recommended to accept the offer as it is better than having no accommodation but there is a swap list released after the first 2 weeks of term if rooms become available.
- For UoL Halls, you can exchange rooms with others through FB groups of particular halls by posting on the discussion feed. Or as mentioned in 1), apply for UoL waiting lists. If you have already put down a deposit for another hall, contact them for a refund where calling them is more efficient compared to emailing them (don't worry about calling/emailing multiple times)
- Apply for a private hall or find friends to live in a flat. Refer to the above links for recommended websites to look for a house to rent with your friends.

More general information about accommodation can be found here: <https://www.ucl.ac.uk/accommodation/>

# MEDICAL CHECK UP

## WHY?

This is requirement in applying for a Tier 4 (General) student visa.

## WHAT DOCUMENTS DO YOU NEED TO PREPARE?

- Passport
- 1 recent passport size photo
- Address in UK (can be UCL's address-bring your offer letter)
- TB Test Fees (about RM300, varies according to centre)

## TIPS FROM SENIORS

- Try to get the earliest appointment time slot in the day. This reduces the waiting time considerably.
- Replicate the signature on your passport unto the TB certificate. If your signature is not similar enough, you would have to pay to re-do your certificate until the front desk is satisfied.
- They do not generally issue a copy of your chest x-ray and you are not required to bring this x-ray to UK. However, you can request for the x-ray scan if you like.
